The report of such audit shall show the receipt and expenditure of funds collected pursuant to this part; a copy of each such report shall be furnished to the Secretary and a copy of each such report shall be made available at the principal office of the committee for inspection by producers and handlers; and

(m) To consult, cooperate, and exchange information with other marketing agreement committees and other individuals or agencies in connection with all proper committee activities and objectives under this part.

EXPENSES AND ASSESSMENTS

§ 966.40 Expenses.

The committee is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred during each fiscal period for its maintenance and functioning, and for such purposes as the Secretary, pursuant to this subpart, determines to be appropriate. Handlers shall share expenses upon the basis of a fiscal period. Each handler's share of such expense shall be proportionate to the ratio between the total quantity of tomatoes handled by him as the first handler thereof during a fiscal period and the total quantity of tomatoes handled by all handlers as first handlers thereof during such fiscal period.

§ 966.41 Budget.

At the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare an estimated budget of income and expenditures necessary for the administration of this part. The committee may recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its calculations.

§ 966.42 Assessments.

(a) The funds to cover the committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles tomatoes shall

pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of the committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations and other available information. Such rates may be applied to specified containers used in the production area.

(c) At any time during, or subsequent to, a given fiscal period the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendations, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all tomatoes which were regulated under this part and which were shipped by the first handler thereof during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective whether particular provisions thereof are suspended or become inoperative.

(e) In order to provide funds for the administration of the provisions of this part, the committee may accept the payment of assessments in advance, or may borrow money on a short-term basis not to exceed one full-year coinciding with the existing committee's term of office. The authority of the committee to borrow money may be used only to meet financial obligations as they occur and to allow the committee a season to adjust its reserve funds to meet any additional obligations.

[20 FR 7357, Oct. 4, 1955. Redesignated at 26 FR 12751, Dec. 30, 1961, and amended at 51 FR 30474, Aug. 27, 1986]

§ 966.43 Accounting.

(a) All funds received by the committee pursuant to the provisions of this subpart shall be used solely for the purposes specified in this part.

(b) The Secretary may at any time require the committee, its members and alternates, employees, agents and

Agricultural Marketing Service, USDA

§ 966.48

all other persons to account for all receipts and disbursements, funds, property, or records for which they are responsible. Whenever any person ceases to be a member of the committee or alternate, he shall account to his successor, the committee, or to the person designated by the Secretary, for all receipts, disbursements, funds and property (including but not being limited to books and other records) pertaining to the committee's activities for which he is responsible, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor, committee, or designated person, the right to all of such property and funds and all claims vested in such person.

(c) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods of suspension of this subpart, or during any period or periods when regulations are not in effect and, if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

§ 966.44 Excess funds.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, to the extent practical it shall be refunded proportionately to the persons from whom it was collected.

(2) The committee, with the approval of the Secretary, may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in a reserve so established: *Provided*, That funds in the reserve shall not exceed approximately one fiscal period's expenses. Such reserve funds may be used (i) to defray any expenses authorized under this part, (ii) to defray expenses during any fiscal period prior to the time assessment income is sufficient to cover such expenses, (iii) to cover deficits incurred

during any fiscal period when assessment income is less than expenses, (iv) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative, and (v) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination any funds not required to defray the necessary expenses of liquidation, and after reasonable effort by the committee it is found impracticable to return such remaining funds to handlers, such funds shall be disposed of in such manner as the Secretary may determine to be appropriate.

(b) [Reserved]

[33 FR 8586, June 12, 1968]

§ 966.45 Contributions.

The committee may accept voluntary contributions but these shall only be used for production research, market research and development and marketing and promotion including paid advertising pursuant to § 966.48. Furthermore, such contributions shall be free from any encumbrances by the donor and the committee shall retain complete control of their use. The committee is prohibited from accepting contributions from handlers subject to the order, or any person whose contributions would constitute a conflict of interest.

[51 FR 30474, Aug. 27, 1986]

RESEARCH AND DEVELOPMENT

§ 966.48 Research and promotion.

The committee may, with the approval of the Secretary, establish, or provide for the establishment of projects including production research, marketing research and development projects, and marketing promotion including paid advertising, designed to assist, improve or promote the marketing, distribution and consumption or efficient production of tomatoes. The expenses of such projects shall be paid by funds collected pursuant to §§ 966.42 and 966.45. Upon conclusion of each project, but at least annually, the committee shall summarize the program status and accomplishments, to

§ 966.50

its members and the Secretary. A similar report to the committee shall be required of any contracting party on any project carried out under this section. Also, for each project the contracting party shall be required to maintain records of money received and expenditures and such shall be available to the committee and the Secretary.

[51 FR 30474, Aug. 27, 1986]

REGULATION

§ 966.50 Marketing policy.

Prior to or at the same time as initial recommendations are made pursuant to § 966.51, the committee shall submit to the Secretary a report setting forth the marketing policy it deems desirable for the industry to follow in shipping tomatoes from the production area during the ensuring season. Additional reports shall be submitted from time to time if it is deemed advisable by the committee to adopt a new or modified marketing policy because of changes in the demand and supply situation with respect to tomatoes. The committee shall publicly announce the submission of each such marketing policy report and copies thereof shall be available at the committee's office for inspection by any producer or any handler. In determining each such marketing policy the committee shall give due consideration to the following:

(a) Market prices of tomatoes, including prices by grades, sizes, and quality in different packs, and such prices by foreign competing areas;

(b) Supply of tomatoes, by grade, size, and quality in the production area, and in other production areas, including foreign competing production areas;

(c) Trend and level of consumer income;

(d) Marketing conditions affecting tomato prices; and

(e) Other relevant factors.

§ 966.51 Recommendations for regulations.

The committee, upon complying with the requirements of § 966.50, may recommend regulations to the Secretary whenever it finds that such regulations, as are provided for in this sub-

7 CFR Ch. IX (1-1-00 Edition)

part, will tend to effectuate the declared policies of the act.

§ 966.52 Issuance of regulations.

The Secretary shall limit the handling of tomatoes whenever he finds from the recommendation and information submitted by the Committee, or from other available information, that such regulation would tend to effectuate the declared policy of the act. Such regulation may:

(a) Limit, in any or all portions of the production area, the handling of particular grades, sizes, qualities (including maturity as a factor of grade or quality), or packs of any or all varieties of tomatoes, during any period; or

(b) Limit the handling of particular grades, sizes, qualities, or packs of tomatoes differently, from different varieties, for different stages of maturity, for different portions of the production area, for different containers, for different markets, for different purposes specified in § 966.54, or any combination of the foregoing, during any period; or

(c) Limit the handling of tomatoes by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity; or

(d) Fix the size, weight, capacity, dimensions, markings (including labels and stamps), or pack of the container or containers which may be used in the packaging, transportation, sale, shipment, or other handling of tomatoes.

[20 FR 7357, Oct. 4, 1955. Redesignated at 26 FR 12751, Dec. 30, 1961, and amended at 33 FR 8586, June 12, 1968; 34 FR 19186, Dec. 4, 1969]

§ 966.53 Minimum quantities.

The committee, with the approval of the Secretary, may establish, for any or all portions of the production area, minimum quantities below which handling will be free from regulations issued or effective pursuant to §§ 966.42, 966.52, 966.54, 966.60, or any combination thereof.

§ 966.54 Shipments for special purposes.

Upon the basis of recommendations and information submitted by the committee, or other available information, the Secretary, whenever he finds that it will tend to effectuate the declared

Agricultural Marketing Service, USDA

§ 966.71

policy of the act, shall modify, suspend, or terminate regulations issued pursuant to §§ 966.42, 966.52, 966.53, 966.60, or any combination thereof, in order to facilitate handling of tomatoes for the following purposes:

- (a) For export;
- (b) For relief or for charity;
- (c) For processing; or
- (d) For other purposes which may be specified by the committee, with the approval of the Secretary.

§ 966.55 Notification of regulation.

The Secretary shall notify the committee of any regulations issued or of any modification, suspension, or termination thereof. The committee shall give reasonable notice thereof to handlers.

§ 966.56 Safeguards.

(a) The committee, with the approval of the Secretary, may prescribe adequate safeguards to prevent handling of tomatoes pursuant to § 966.53 or § 966.54 from entering channels of trade for other than the specific purpose authorized therefor, and rules governing the issuance and the contents of Certificates of Privilege if such certificates are prescribed as safeguards by the committee. Such safeguards may include requirements that:

- (1) Handlers shall file applications with the committee to ship tomatoes pursuant to §§ 966.53 and 966.54; or
- (2) Handlers shall obtain inspection provided by § 966.60, or pay the assessment levied pursuant to § 966.42, or both, in connection with shipments made under § 966.54; or
- (3) Handlers shall obtain Certificates of Privilege from the committee to handle tomatoes effected or to be effected under the provisions of §§ 966.53 and 966.54.

(b) The committee may rescind or deny Certificates of Privilege to any handler if proof is obtained that tomatoes handled by him for the purposes stated in §§ 966.53 and 966.54 were handled contrary to the provisions of this part.

(c) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

(d) The committee shall make reports to the Secretary, as requested, showing the number of applications for such certificates, the quantity of tomatoes covered by such applications, the number of such applications denied and certificates granted, the quantity of tomatoes handled under duly issued certificates, and such other information as may be requested.

proportion of his production as the average proportion of production handled during the entire season, or such portion thereof as may be determined by the committee, by all producers in said applicant's immediate production area and that the grade, size, or quality of the applicant's tomatoes have been adversely affected by acts beyond the applicant's control and by acts beyond reasonable expectation. Each certificate shall permit the producer to handle the amount of tomatoes specified thereon. Such certificate shall be transferred with such tomatoes at time of transportation or sale.

§ 966.72 Investigation.

Compilations of general reports from data submitted by handlers is authorized, subject to prohibition of disclosure of individual handlers identities or operations.

(c) Each handler shall maintain for at least two succeeding years such records of the tomatoes received and disposed of by such handler as may be necessary to verify the reports he submits to the committee pursuant to this section.

GENERAL

§ 966.100 Communications.

Unless otherwise provided in the marketing agreement and order, or by specific direction of the committee, all reports, applications, submittals, requests, and communications in connection with the marketing agreement and order shall be addressed to the Florida Tomato Committee at its principal office.

DEFINITIONS

§ 966.110 Order.

Order means Order No. 966 (§§ 966.1 to 966.92) regulating the handling of tomatoes grown in Florida.

§ 966.111 Marketing Agreement.

Marketing Agreement means Marketing Agreement No. 125.

§ 966.112 Terms.

Terms used in this subpart shall have the same meaning as when used in the marketing agreement and order.

§ 966.113 Registered handler certification.

Each handler who handles tomatoes grown in the production area must be certified as a registered handler by the committee in order to ship such tomatoes outside of the regulated area. A handler who is certified as a registered handler is a handler who has adequate facilities to meet the requirements for preparing tomatoes for market, obtains inspection on tomatoes handled, agrees to handle tomatoes in compliance with

the order's grade, size and container requirements, pays applicable assessments on a timely basis, submits reports required by the committee, and agrees to comply with other regulatory requirements on the handling of tomatoes grown in the production area.

(a) Based on the criteria specified in this section, the committee shall determine eligibility for certification as a registered handler. The committee or its authorized agent shall inspect a handler's facilities to determine if the facilities are adequate for preparing tomatoes for market. In order to be adequate for such purposes, the facilities must be permanent, nonportable buildings located in the production area with equipment that is nonportable for the proper washing, grading, sizing and packing of tomatoes grown in the production area.

(b) Application for certification shall be executed by the handler and filed with the committee on a form, prescribed by and available at the principal office of the committee, containing the following information:

- (1) Business name,
- (2) Address of handling facilities (including telephone and facsimile number),
- (3) Mailing address (if different from handling facility),
- (4) Number of years in tomato business in Florida,
- (5) Type of business, and
- (6) Names of senior officers, partners, or principal owners with financial interest in the business.

(c) If the committee determines from available information that an applicant meets the criteria specified in this section, such applicant shall be certified as a registered handler and shall be so informed by written notice from the committee. If certification is denied, such denial shall be made by the committee in writing, stating the reasons for denial.

(d) A registered handler's certification shall be cancelled by the committee, with the approval of the Secretary, if the handler fails to pay assessments within 45 days of the end of the assessment billing period, fails to provide reports, or no longer has adequate facilities as described in this section. Cancellation of a handler's reg-

istration shall be made in writing to the handler and shall specify the reason(s) for and effective date of such cancellation. The committee shall recertify the handler's registration at such time as the handler corrects the deficiencies which resulted in the cancellation. Certification is permanent until the committee determines, based on criteria herein, that cancellation is warranted. Persons who make deliveries of ungraded tomatoes to such certified registered handlers are hereby determined to be exempt from otherwise applicable regulations pursuant to this part.

(e) During any period in which the handling of tomatoes is regulated pursuant to this part, no handler shall obtain an inspection certifying that said handler's tomatoes meet the requirements of the marketing order unless said handler has been certified as a registered handler. Any person who is not certified as a registered handler may receive inspection on tomatoes from the Federal-State Inspection Service. Such inspection certificate shall state "Fails to meet the requirements of Marketing Order No. 966 because the handler is not a registered handler."

INTERPRETATIVE RULES

§ 966.150 Meaning of “producer”.

The term “producer” is defined in § 966.8 as being any person engaged in a proprietary capacity in the production of tomatoes for market. Under the definition of “tomatoes” in § 966.5, such production must have been in the production area. Section 966.22 provides that each person selected as a committee member or alternate must be a producer, or an officer or an employee of a corporate producer. Section 966.27 provides that producers may vote for nominees for members and alternates on the Florida Tomato Committee, the administrative agency established pursuant to said marketing agreement and order. Section 966.3 defines a person as an individual, partnership, corporation, association, or other business unit. The term “person” is construed to mean the business unit which produces the tomatoes for market.

(a) The prevailing principle which shall apply to the determination of “producer” is who or which interest as a unit, whether an individual, partnership, corporation, association, or any other business unit, has the authority to pass title to the tomatoes grown and made a part of the marketable supply of tomatoes. In other words, the terms shall be limited to those who have an ownership in tomatoes produced in the production area.

(b) *Producer* means any person, as defined in this section: (1) Who or which owns and farms land resulting in his or its ownership of the tomatoes produced thereon; (2) who or which rents or farms land, resulting in his or its ownership of all or a portion of the tomatoes produced thereon; or (3) who or which owns land which he or it does not farm and, as rental for such land, obtains the ownership of a portion of the tomatoes produced thereon.

(c) The term “partnership” shall be deemed to include a husband and wife with respect to land, the title to which, or leasehold interest in which, is vested in them as tenants in common, joint tenants, tenants by entirety, or, under community property laws, as community property. The term “partnership” shall also be deemed to include individuals, partnerships or corporations

which join together by agreement, informal or otherwise, for the purpose of growing tomatoes and which, as a unit, have authority to transfer title to such tomatoes at the time they are harvested or subsequent thereto. The term “partnership” shall also include so-called “joint ventures,” wherein one or more parties to the arrangement contribute capital and others contribute labor, management, equipment, or other services, or any variation of such contributions by two or more parties, so that it results in the growing of tomatoes and the authority to transfer title to the tomatoes so produced from that business unit to some other parties in the marketing chain.

(d) Each legal entity, whether an individual, a partnership, a “joint venture,” or a corporation, so engaged in the production of tomatoes for market shall have one vote for each position which is to be filled for the district for which he or it is eligible to vote. In the case of a partnership or a “joint venture,” such vote shall not be accepted in the absence of unanimous agreement of the respective members. In the case of a corporation, such vote shall be cast pursuant to the authorization of its board of directors. In the case of a person who owns land which he or it does not farm but, as rental for such land, obtains the ownership of a portion of the tomatoes produced thereon, such person shall be regarded as the producer of that portion and entitled to one vote, and the tenant on such land shall be regarded as the producer of the remaining portion produced on such land and also entitled to one vote.

(e) A producer eligible to vote is a person who produced tomatoes for market in a proprietary capacity in the production area during the then current fiscal period, i.e., between August 1, of the previous year and July 31 of the then current year. If a person who would otherwise qualify as a producer in a proprietary capacity in the production area planted tomatoes for market as fresh tomatoes during the current fiscal period, but (1) did not market any tomatoes in the fresh market during the current fiscal period due to adverse weather conditions, or (2) has

Agricultural Marketing Service, USDA

§ 966.323

tomatoes in production for fresh market during the current fiscal period, although still unharvested, he shall, nevertheless, be eligible as a producer to vote for committee nominees, if he produced and marketed tomatoes grown in the production area in the next preceding fiscal period.

Subpart—Handling Regulations

§ 966.323 Handling regulation.

From October 10 through June 15 of each season, except as provided in

paragraphs (b) and (d) of this section, no person shall handle any lot of tomatoes produced in the production area for shipment outside the regulated area unless it meets the requirements of paragraph (a) of this section.

(a) *Grade, size, container, and inspection requirements*—(1) *Grade*. Tomatoes shall be graded and meet the requirements specified for U.S. No. 1, U.S. Combination, or U.S. No. 2 of the U.S. Standards for Grades of Fresh Tomatoes. When not more than 15 percent of the tomatoes in any lot fail to meet the requirements of U.S. No. 1 grade and not more than one-third of this 15 percent (or 5 percent) are comprised of defects causing very serious damage including not more than 1 percent of tomatoes which are soft or affected by decay, such tomatoes may be shipped and designated as at least 85 percent U.S. No. 1 grade.

(2) *Size*. (i) All tomatoes packed by a registered handler shall be at least $2\frac{9}{32}$ inches in diameter and shall be sized with proper equipment in one or more of the following ranges of diameters. Tomatoes shipped outside the regulated area shall also be sized with proper equipment in one or more of the following ranges of diameters. Measurements of diameters shall be in accordance with the methods prescribed in § 51.1859 of the U.S. Standards for Grades of Fresh Tomatoes.

Size designation	Inches minimum diameter	Inches maximum diameter
6×7	$2\frac{9}{32}$	$2\frac{19}{32}$
6×6	$2\frac{17}{32}$	$2\frac{27}{32}$
5×6	$2\frac{25}{32}$	

(ii) Tomatoes of designated sizes may not be commingled, and each container or lid shall be marked to indicate the designated size.

(iii) Only 6×7, 6×6, or 5×6, may be used to indicate the above listed size designations or containers of tomatoes.

(iv) To allow for variations incident to proper sizing, not more than a total of ten (10) percent, by count, of the tomatoes in any lot may be smaller than the specified minimum diameter or larger than the maximum diameter.

(3) *Containers*. (i) All tomatoes packed by a registered handler shall be packed in containers of 10, 20, and 25

pounds designated net weights. The net weight of the contents shall not be less than the designated net weight and shall not exceed the designated net weight by more than two pounds. Section 51.1863 of the U.S. Tomato Standards shall apply to all containers.

(ii) Each container or lid shall be marked to indicate the designated net weight and must show the name and address of the registered handler (as defined in §966.7) in letters at least one-fourth (¼) inch high, and such containers must be packed at the registered handler's facilities.

(iii) The container in which the tomatoes are packed must be clean and bright in appearance without marks, stains, or other evidence of previous use.

(4) *Inspection.* Tomatoes shall be inspected and certified pursuant to the provisions of §966.60. Each handler who applies for inspection shall register with the committee pursuant to §966.113. Persons not certified by the committee as a registered handler shall be issued inspection certificates on shipments handled by such persons stating "Fails to meet the requirements of Marketing Order No. 966 because the handler is not a registered handler." Evidence of inspection must accompany truck shipments.

(b) *Special purpose shipments.* The requirements of paragraph (a) of this section shall not be applicable to shipments of tomatoes for pickling, processing, experimental purposes, relief, charity, export, or other outlets recommended by the committee and approved by the Secretary, if the handler thereof complies with the safeguard requirements of paragraph (c) of this section. Shipments for processing are also exempt from the assessment requirements of this part.

(c) *Safeguards.* Each handler making shipments of tomatoes for pickling, canning, experimental purposes, relief, charity, or export in accordance with paragraph (b) of this section shall:

(1) Apply to the committee and obtain a Certificate of Privilege to make such shipments.

(2) Prepare on forms furnished by the committee a report in quadruplicate on such shipments authorized in paragraph (b) of this section.

(3) Bill or consign each shipment directly to the designated applicable receiver.

(4) Forward one copy of such report to the committee office and two copies to the receiver for signing and returning one copy to the committee office. Failure of the handler or receiver to report such shipments by signing and returning the applicable report to the committee office within ten days after shipment may be cause for cancellation of such handler's certificate and/or receiver's eligibility to receive further shipments pursuant to such certificate. Upon cancellation of any such certificate, the handler may appeal to the committee for reconsideration.

(d) *Exemption—(1) For types.* The following types of tomatoes are exempt from these regulations: Elongated types commonly referred to as pear shaped or paste tomatoes and including but not limited to San Marzano, Red Top, and Roma varieties; cerasiform type tomatoes commonly referred to as cherry tomatoes; hydroponic tomatoes; and greenhouse tomatoes. (3) *For special packed tomatoes.* Tomatoes which met the inspection requirements of paragraph (a)(4) of this section which are resorted, regraded, and repacked by a handler who has been designated as a "Certified Tomato Repacker" by the committee are exempt from:

(i) The tomato grade classifications of paragraph (a)(1) of this section;

(ii) The size classifications of paragraph (a)(2) of this section, except that the tomatoes shall be at least 2-9/32 inches in diameter; and

(iii) The container weight requirements of paragraph (a)(3) of this section.

(4) *For varieties.* Upon recommendation of the committee, varieties of tomatoes that are elongated or otherwise misshapen due to adverse growing conditions may be exempted by the Secretary from the provisions of paragraph (a)(2) of this section.

(e) *Report of packouts.* Each registered handler shall, at the end of each day during which handling activities have been conducted, or the following morning as the committee may prescribe, provide to the committee or its designated agent a complete and accurate accounting of the number of containers of tomatoes packed that day. The report shall include an accounting of the grade, size, maturity, and net weight of the containers packed in each such category. The total packout report shall be provided to the committee or its authorized agent in a timely fashion that allows the committee to compile a daily, industry-wide packout report.

(f) *Assessments.* Handlers shall pay assessments as provided in §966.42. Assessment will be based on inspection certificates supplied to the committee by the Federal-State Inspection Service.
